School = Conferences

March 5th: Brown
bag lunch

March 7th: Spring
Pictures

March 24-28th:
Spring Break

Upcoming Field Trips:

April 29th = Mizzou

May 8th = Planetarium
at Rock Bridge High-
school (No parents
needed)

May 14th = Runge

Information and Events

* **Conferences:** Thank you to everyone who showed up to their conference. I enjoyed sharing with you, your child's hard work from the second trimester. Thank you for your support and encouragement!

* **Brown Bag Lunch:** Mark your calendars! Team Ronzio will be having a brown bag lunch on Tuesday, March 5th. During this lunch we will share our nonfiction writing projects with you.

* **Future Field Trip:** Mark your calendars! Second grade will be going on a field trip to Runge Nature Center in Jefferson City on Wednesday, May 14th. Parent chaperones will be needed for this field trip. There will be more information to come as the date gets closer.

* **Comet Carnival:** On Friday, April 25 Paxton Keeley Elementary School will hold its annual Comet Carnival. We will need over 450 volunteers to help "man" games and booths in order to make this evening successful, so we are asking all parents to join us!

Volunteers who spend just **30 minutes** at the Comet Carnival will get their name entered to win one of 5 fun gift cards from places like **Target**, **Starbucks**, **Shakespeare's Pizza** and more! Students, Moms, Dads, Grandparents, Aunts, Uncles, Neighbors and Friends are all welcome to help. Please forward this information to anyone who you know who might want to participate. There is no advance preparation necessary. Games/booths come with simple and easy to understand instructions.

Sign up now! It's easy. Just go to www.SignUpGenius.com/go/10COE49AAA829A4FF2-comet and select the classroom/activity shift(s) of your choice between the hours of 4:45-8:15 PM. Volunteers will have a great time being a part of this fun community event!

Thank you so much for your help.

Rosemary McCain

Comet Carnival Volunteer Chair

What We've Been Doing

- * **Math:** In math we continue to add two digit numbers. We have used different strategies to find our answers such as adding tens, adding ones, using a 100s chart, and regrouping.
- * **Writing:** This week Team Ronzio finished publishing their nonfiction writing projects. We are VERY excited to share our hard work with you on March 5th at our brown bag lunch! Team Ronzio also created a book about what they want to be when they grow up. This book is modeled after President Obama's book *Of Thee I Sing*. We will be mailing a copy of our book to President Obama in order to share our awesome writing and dreams!
- * **Reading:** Students received new book club books and jobs. Ask your student what book they are reading. We also practiced building our independent reading stamina as well as our buddy reading stamina.
- * **Social Studies:** Our Olympic graphs are complete! Check out the photographs on our website. Throughout this week students have been researching about presidents with a partner. They used biographies to answer questions and write a paragraph about their president. Check out our presidential projects at our brown bag lunch!
- * **Science:** We started our changes in matter unit. Students can identify physical and chemical changes as well as identify the three types of matter (solids, liquids, and gases).
