IMPORTANT DATES

May 26th = No School: Memorial Day

May 28th = Poetry Café 1:20-2:20pm

May 29th = Minute to Win It Games 9-10:30am

May 30th = Homework Club Celebration

June 5th: Last day of school **Early Dismissal at 12:50pm**

Information and Events

In order to receive your child's grade card, make sure all library books and fines are turned in or paid. Also, make sure your child doesn't have an unpaid lunch account. You need to pay any outstanding fees before receiving your child's grade card.

* **Homework Club:** For the month of May, Team Ronzio has a homework club. Everyone is included in the club. However if a student forgets or does not turn in their homework the day it is due, they are no longer in the homework club. For those who stay in the club for the entire month of May, a celebration will take place in room 202 during lunch. Nightly homework AND reading logs are part of the homework responsibility for Team Ronzio.

* **Poetry Cafe:** As we finish up opinion writing, Team Ronzio will start studying and writing various types of poems. We will have a poetry café where students will read either their favorite poem or a poem they wrote. This will occur on Wednesday, May 28th from 1:20-2:20pm. In the café we will have snacks and drinks for the students and parents/guardians. As a bonus, you will be able to see Team Ronzio's ocean habitat. We will have QR codes and iPads to share our research, or you may download a free QR code on your personal device to use.

* **Minute to Win It:** All of second grade will be celebrating the end of the year by participating in Minute to Win It games during the morning of Thursday, May 29th. Get excited to team up with. If you offered to volunteer, you will find a piece of paper in your child's Friday Folder that includes important information on the times and game you will be in charge of monitoring.

* **Newsletter/Friday:** THIS is the last newsletter that will be sent home. The last Friday Folders will be sent home on May 30th.

★ ★ ★ What We've Been Doing ★ ★ ★

Math: For the remainder of the year we will be working with 3 digit addition and subtraction as well as graphs and data.

Writing: This week, students were introduced to a variety of poems. We wrote biography, acrostic, shape, color, and cinquain poems. For the remainder of the year students will be studying poetry and reviewing the various genres we learned throughout the year.

Reading: During reading this week Team Ronzio continues to enjoy reading the *BFG* by Roald Dahl. We have been increasing our independent and buddy reading stamina as well.

Science: Team Ronzio put the finishing touches on our ocean habitat. We have at least 18 different living organisms represented. Each organism also has a label and a QR code that shares information about the plant or animal.
